Commencement, 1947

As we look forward to this year's graduation, let us pause for a moment and look back to the graduation of 1947.

Later that day the alumni, faculty, parents, and members of the graduating class were invited to the tea at the Headmaster's home.

On Monday morning as the 1947 blue-gowned graduates slowly marched into the gymnasium to the "War March of the Priests" by Mendelssohn, each one knew that this was a day that would long remain in his memory. The following program was presented, with music furnished by the Gould Academy orchestra:

With the Juniors

This year our junior class is the largest at Gould with an enrollment of 69. For the benefit of those students who are new here, our class colors are green and gold. Our class officers, elected at the beginning of the year, are as follows:

President	Guy Emery
Vice President	James Gordon
Secretary	Uuno Hertell
Treasurer	Priscilla Shirley

We all know, to some extent, what the boys and girls of our class would be doing each day during school hours, but how about Saturdays, and nights after school? Here is a list of the individual members of the junior class and what each one might be doing on some Saturday afternoon.

ROBERT ADAMS:

There's Bob now trying out his latest wolf call on that passing blonde.

BETTY BACKUS:

Poor Betty. If only that picture on your bureau would suddenly come to life while you stare at it so intently.

ELIZABETH BAILEY:

She could be seen repeatedly banging her elbows while practicing with her baton.

BETTY BARLOW:

"Bright Eyes" is counting up the many, many pictures she has of "Junior" on her wall.

PEGGY BARTON:

We find Peggy going through the dorm borrowing all the Gene Krupa records she can find. (So she can hear the drums! !)

WILLIAM BECKETT:

Missing that California sunshine? He's wishing more of it would reach Maine.

DONALD BENNETT:

He's anticipating how many girls he can swing off their feet at the square dance.

LAWRENCE BENNETT:

We would see "Cad" out on a speedy taxi call, without a doubt.

SALLY BRACKLEY:

You can bet her tongue is wagging on some "Kingfield" subject.

JEAN BROCKMEYER:

We hear the rhythmic click of knitting needles from Jean's room. A beautiful sweater—or socks?

BETTY BROWN:

You can bet your bottom dollar she's making mischief for someone.

ELSIE BROWN:

As quiet as a mouse, she works 'round the house.

RACHEL BROWN:

Rae would be putting the finishing stitches in a piece of her ingenious sewing.

EDWIN BUMPUS:

Is struggling to finish up the last of his chores.

RUTH BUMPUS:

We find Ruthie concentrating on her Monday's homework.

LEE CARVER:

He's calling "119" asking for a date to see Hoppalong Cassidy.

NANCY CRANE:

At present she is collecting all the horse pictures she can possibly find.

EARL CUMMINGS:

George is tooting away up on third floor. Believe me — I know!

GAIL CURTIS:

We know what she isn't doing — studying her beloved history.

JERRY DAVIS:

He is practicing basketball with all his might and how he makes basket after basket is a mystery.

RICHMOND DAVIS:

He might be shouldering a gun through the woods. (His favorite pastime)

DEBORAH DURIVAGE:

Those socks for Beedy are really a tough problem: especially when one is a half inch too short!

GUY EMERY:

As our band leader, he's practicing that difficult "down beat" motion.

DONALD EMMETT:

Well, here's Curly sprucing up those golden locks for tonight's date.

BARBARA FARRAR:

Naturally, Barb is calling Arlene for information on what to wear to the dance.

SHIRLIE FLANDERS

We find Sandy displaying her ability on those beautiful hickories.

MORRIS FOYE:

Eating, as usual! Is that how he keeps that rosy complexion?

RICHARD FRENCH:

Dick is looking for Mr. Richardson to see if he can beat him at another game of ping pong.

ARLENE GAREY:

Just dreaming about whom she would see at the South Paris dance.

WILLIAM GLOVER:

Practicing mink farming in the dorm.

JAMES GORDON:

He tells us French is getting him down. The language — or Dick?

ELIZABETH GOULD:

Betty is making everybody happy with her clarinet playing.

ELEANOR GURNEY:

We find Eleanor experimenting with that wonderful new recipe, "Gooie Biscuits". Um . . . good! !

BEVERLY HALL:

She goes visiting every week end "for a special reason."

JANE HARTWELL:

She's out taking one of those vital skiing lessons from Don.

STERLING HASKELL:

Surrounded by comic books, he ponders a grave question. "Why can't I fly like Superman?"

UUNO HERTELL:

That fiendish laugh rings out as his roommate falls into a well laid trap.

EDWARD HICKOX:

Ah, here's Hicky wondering which shirt to dazzle the class with on Monday.

JOHN HICKS:

"Wimp" could be found experimenting with his latest invention.

PHILIP HUSSEY:

Phil sits racking his brain for a new wise crack to spring in English class.

RUTH HUTCHINSON:

Ruthie would surely be out skiing with Marvin.

RICHARD IRELAND:

Dick could undoubtedly be found on the ski hill teaching Frankie a new turn.

BARBARA JACKSON:

She's staring into space dreaming of Dave, as usual.

REYNOLD JORDAN:

"Just spooning."

BARBARA KEENAN:

Is thinking intently about her many interests in Brownville.

ADELLE KIMBALL:

O'ho! We caught her on her toes. Our ardent ballet dancer and fan.

REGINALD KNEELAND:

Our Woodsman comes in from his work and starts getting ready for the big dance tonight.

JANICE LINDQUIST:

She's going through her snappiest jitterbug steps with an invisible partner.

DONALD LORD:

Tuning up for the dance.

JOHN MACDUFFIE:

He's locked in his room, obviously for self defense while playing that weird instrument.

CONNIE MERRILL:

Stocking up on her next week's supply of gum.

EARL MCALLISTER:

Earl is wondering what beauty parlor he will go to next.

ROBERT OAKES:

Our competent record master is deciding which master-piece he will next present.

ANN PARSONS:

She is busily writing one of those numerous letters home.

JOHN PATERSON:

It sounds as if he is competing with Frankie

Sinatra this afternoon. (How's he doing gals?)

FLORENCE PIKE:

She's making music while the sun shines.

JOHN PHILBRICK:

Johnny's having a glorious time in Peru. . . . 'nuff said!

BARBARA PRETTY:

Is writing another of those many letters to Don. Hmm . . . I wonder which Don!

RICHARD ROLFE:

He's out on the ice showing the girls what a good skater he is.

MARY SCOTT:

Come down out of the clouds, Mary, and start concentrating on that "outside reading!"

PRISCILLA SHIRLEY:

Pat is puzzling out the vast riches of the junior class in her little black book.

CATHERINE STEVENS:

There goes Katie zooming along at the wheel of the new Chevrolet.

LAWRENCE STINCHFIELD:

Those skis really take you places, don't they Larry!!! (Faster, even, than your feet.)

JOAN TAYLOR:

With her head in the wash bowl and a bottle of bleach in her hand, Joan is trying it again.

EDITH TYLER:

She's wishing she had a way to get to Berlin.

LOIS VAN:

We find her imitating Peter Pan. She's doing pretty well at it too.

LAWRENCE WINSLOW:

He is on his way to visit Pearl.

RAYMOND YORK:

Is trying to break his neck the easy way (in his car.)

LAURA WILSON '51

Gehring Hall

If the reader will just get a firm grip on his hat (or would that be against Emily Post's best teaching) we will start another trip of Gehring Hall.

The first sight of human inhabitants we have is of Mrs. Goggin, our capable and patient house mother, playing bridge with Mrs. Gibbs, Miss Stallwood, and the latest guardian of the Home Economics cottage, Miss Andrews, who came to Gould at Christmas. But Miss Stallwood triumphantly comes out with "Redouble seven hearts!" So we shudder and go across the dining room past Miss Griggs' door, dodging Francis' electric trains and go up the forbidden back stairs to the infirmary. The first room is occupied by Ann Parsons but Jean Renwick, who has the other room, is in, admiring Ann's animals.

Turning down the hall we are almost bowled over by Dana Hunt, who has just been blown out of her room by Marion Masse, an advocate of much practicing on the saxophone.

The next room is empty so we pass on to greener pastures—or should we say

snowier—for it belongs to Cindy Lorenzen and Janet Coombs. Here we find the occupants of the empty room, Jane Daland and Sue Hamilton, industriously moving furniture while Janet directs and Cindy longs to be off restrictions so she can go skiing.

We cross the hall and are about to go into room nine, but the sight of Peggy Champlain flying across the hall tells us that she and her roommate, Connie Elliot, are fighting again.

We follow Peggy intending to pick up the pieces but find that Ann Waterman and Elaine Fuller are doing it with a great skill derived, no doubt, from long months of practice.

We decide they are much more capable than we and move on down the hall to the room occupied this year by Lynn McCann and Joy Smith. We find it decorated in the best Gould style.

But we can't tarry long so we cross the hall to find that Edie White is writing letters while her roommate, Priscilla (Hie-

fitz) Pitman, tightens up her bow for another session with the violin.

Down the hall we find Jan Lindquist discovering that "I'm My Own Grand-maw" while her roommate Barbara Jackson reminisces about Rockland and studies basketball rules.

Opposite them live Ann Lord and Jo Terriberry who are at the moment engaged in a lively struggle to see who can eat the most cookies in the shortest time.

The sweet strains of flute music interspersed with giggles coming from the next room tell us that Eileen Linnell is trying to practice her music lesson but her roommate, Janet Bean is giving out with Otisfield humor.

The next room, with the wonderful view of the boy's dorm belongs to Robin Buck and Eunice Lane. We poke our heads in the door and are almost deafened by the latest record of *Near You*.

And in the last room on this hall we find Donna Littlehale and Rosemary Kelly, both of whom are indulging in the great Gould pastime of reading book reports.

As we go down the stairs we meet the Misses Collins and Swift, who live on third.

Upon reaching second we come to an open door, and, looking inside, recognize it as being Bettie Bachus' and Sandy Flanders' by the pictures of Russ and the ads for Sun Valley.

We start to enter the next room, but Barbara Spooner won't let us, as Carol Woodcock is catching up on her sleep.

Next door we find Peggie Barton extolling the virtues of Massachusetts to Nancy Crane, who, straightening out her 4-H ribbons, thinks of New Hampshire.

The sounds of laughter coming from the next room tell us that Pat Shirley and Scottie are relating for the 20th time how they got put on restrictions for confusing Miss Bowman's identity with Sandie's.

The two girls in number 16, Florence Pike and Betty Barlow, appear, to all intents and purposes to be studying, but we know that they are really planning some horrible fate for Peggie Barton.

We cross the hall to the room with the good view of the campus, Ruthie Judkins' and Biff Crockett's. Biff is admiring the beautiful white sweater Ruthie insists she will finish before Spring vacation.

Next door live Barbara Storey and Jessie Jones, who give us a hearty "Hi kids!" then return to their reading — Barbara to a book report and Jessie to the latest letter.

Across the hall live the Misses MacCrae and Cutting who are at the moment engaged in digging themselves out from under the debris which fell when Gloria tipped over Frankie's bureau while they were changing their room around.

Continuing on our journey, we find Teddy Mayer working on those bulging files while Joan Taylor talks of breaking her crutches into millions of little tiny splinters.

Across the hall we find Gracie Lenfest telling Jerry Linnell to cheer up — brains aren't everything.

We turn the corner and go down the corridor into what were once the teachers' rooms. The first people we come across are Claire Macy and Sally Brackley both working hard on their memory books.

We are attracted by the sweet sound of music in the next room where we find Nancy Runyon and Debbie Durivage are polishing up the latest dance step. In the room beside them we find Betty Gould murdering "Stardust" on her clarinet while Jeff Hartwell listens with a patience born of long practice.

Retracing our steps we come to room nineteen, home of Jean Brockmyer and Hezzie Crocker. Jean and Jan Underwood suffer patiently, as Hezzie, who has discovered that the only way she can do her shorthand is to drone it monotonously, mumbles on.

Our journey ends at the next room where Sally Adams stops her yoga exercises long enough to ask, "Will you never learn to shut the door, roommate?"

Thus ends our trip through the dorm — for this year, at least.

EVELYN VINTON, '48

Holden Hall

Arriving here in September, we saw many faces — some new, some old — eager to immediately delve into the realms of new material which our teachers deem important. The older students picked up where they left off in June; the new students started on a new adventure.

Mr. Richardson, the new math and ski instructor, occupies Mr. Clunie's apartment; Mr. Clunie accepted a position at Rockland High School.

Thanks are given to Mrs. Scott and Mrs. Foster for helping to prepare the refreshments at the Christmas party.

The annual Dorm party was held the week end before Thanksgiving vacation; exams, being held the same week, caused much last minute preparation. The party included the usual inspection of the super-clean rooms, a short entertainment in the library before the main event—The Holden Hall Minstrel Show, after which a live chicken was given as a door prize. This was followed by refreshments and dancing.

The next event was the Christmas Party; Doc Dysart, substituting for Santa, struggled through the verses and rhymes which the Holdenites had so painfully composed.

Everything was peaceful again in Holden Hall until the ski teams began to arrive for the meets which all seemed to come at once. All due credit is given to Mr. Scott who attempted to get a little peace and quiet in the dorm during those nights.

Winter Carnival arrived with the usual last minute dashing around for black shoes or that maroon tie which you had loaned for the Christmas Formal but hasn't shown up yet.

Now that the main events have been duly reported, we turn our attention to the 49 "wild animals" that inhabit Holden Hall.

On the first floor we find David Kanaly trying to find an easy way to clean his room for Saturday inspection; Putnam is having the time of his life running a power drill — must think that he is a termite.

Next we see "Sir Harry" Oakes calmly telling the unbelieving Spitz that Rangeley has it all over Biddeford; Spitz loudly asserts that Maine is a suburb of Biddeford.

John MacDuffie's room is full of boats and nautical terms; as we hoist anchor and drift away we meet Phil Hussey who seems to have on his track shorts—must be getting limbered up for a cross country meet somewhere.

Bob Hogan, in the meantime has decided to do a bit of practicing on his drums — what a racket!

John Paterson, closing his ears with some photographic paper, is relaxing with a good, interesting book on photography.

Haskell, we find, is trying to enlighten his roommate, Foye, about the marvels of Bar Harbor — Foye still prefers New Hampshire.

Rex Bennett, the last of the long line from Wilson's Mills, is laughing about something Warren Olson, also a favorite son from Wilson's Mills, has just finished telling him.

Climbing the stairs to second hall, we find Bob Adams bemoaning the loss of fifteen cents.

Henry Aldrich and J. P. Jones are at it again — this time it's "Who's going to sweep the floor?" Looks like Henry will do it again.

Big Deal Bayles and Herb Hunt are telling everyone that Rhode Island is better than Maine — if they keep it up, people will begin to believe them.

Lee Dymont is giving out with some sweet music on his trombone; Louis Wood, his long-suffering roommate, has given up — his ears are stuffed with cotton.

Dick Klain, the energetic mailman, is trying to locate the person who left a letter with no postage.

Cuba Maderios is relaxing with *Amazing Stories* in the solitude of his room.

Don Powers is reading a book entitled *Skiing in 10 Easy Lessons* — hope that he makes it.

Bill Beckett, the Californian, is hunting for someone to share some garlic with; he needs moral support afterwards.

Dick French, the only boy in Holden

Hall fitted with radar equipment, is occupied with a copy of *Famous Funnies*.

Jimmy Gordon has just finished writing a book titled *The Advantages of Being Nine Feet Four or Vice Versa*.

Dick Elwell and Shakey Fernald are arguing over whose records are going to be played on the vic—Elwell hasn't a chance.

Captain Shields is relating to the skeptical Emery and Bob Hill some of his True Sea Adventures — they seem to doubt the Captain.

Doc Dysart is convincing Paul Desautels that WRDO is the best radio station—we all know better.

Don Emmett is munching on his everlasting supply of candy bars — guess that we know the secret of his success.

Rip Howland has worn out his fourth record of *Four Leaf Clover*; everyone is just a little crazier after hearing it.

Marshall and Hamilton are all slicked up — early anticipation of Saturday night.

Mark Rines has, for once in his life, gotten dressed on time.

Fritz Norton is trying to tell Ed Hickcox that to be a waiter one must be wide awake — Ed, half asleep, disagrees as violently as he can.

Larry Stinchfield is stretched out on his bed looking at all the girl's pictures on his bureau — pleasant dreams, Larry.

Uno Hertell is hunting for a book in his room; if he cleaned the room matters would be simplified.

John Philbrick, meanwhile, has discovered why American History is so hard—he forgot to study it.

Reg Nye and Bill Glover live down in the basement; it's a wonder they haven't killed each other yet — maybe they will.

That golden voiced tenor, Ed Bailey, has just finished spraying his throat while Roger Beedy is thinking about anything but his studies.

Jimmy Gray is returning Arthur Murray's dancing lessons to the local library—no wonder he dances so smooth.

All the while, Tim Terry has been standing over me with whip in hand helping me get this article done on time.

Student Council

The Gould Academy Student Council was formed in May 1945.

The officers of the council for the school year 1947-1948 were as follows: President, Louis Wood; Vice-President, Richard Ireland; Secretary, Gertrude Penner; and Treasurer, Guy Emery.

The following committees were also elected to serve on the Council: School Publicity Committee, Georgia Terriberly, Betty Backus, and Barbara Crockett; Building Committee, Marilyn Judkins, Deborah Durivage, James Brown; Public Relations, Ann Lord, Barbara Pretty, William O'Brien; Finance Committee, Robert Hill, Jerrold Davis, Marvin Kendall.

The Student Council has developed from a rather insignificant student organi-

zation to an efficient, and respected body in practically every field of student endeavor. The Council's aims are, serving in an intermediate capacity between the members of the student body and the Headmaster, and as a motivating force to build school spirit, school loyalty, and school citizenship among student members of the Academy.

As an incentive to these latter aims, the Student Council has presented a Citizenship Shield to the school on which are to be inscribed annually the name of the boy and girl of the Senior Class who have exemplified outstanding characteristics of a good citizen.

In a further effort to lead to their goal, members of the Student Council promote annually a freshman party in the fall, a

Christmas Formal Dance, assist in school rallies, represent the student body on the newly activated Athletic Council, analyze and recommend policies on school practices.

Also, to create a greater realization of some of the citizens' responsibility in society, a complete system of suffrage to be used for all school elections was devised and put into practice this fall. Too, the group actively participated in a campaign to raise a substantial sum of money which was donated to the Jackson Memorial Laboratory, recently destroyed by fire.

In order to promote a friendly and

wholesome feeling between members of competing varsity teams and among all schools with whom Gould has athletic relations, the Student Council sponsors a student "aide de camp" whose duties are to meet the visiting teams on arrival and serve as representative host to the visitors during their stay on the campus.

The duties of the organization are performed by various committee members who are elected by the student body to serve for one year. Election to office is a high honor and entails its corresponding responsibilities and challenge to work for a better school.

Varsity Glee Club

Last Year

Late last spring on May 17 at the Western Maine Music Festival the Girls' Glee Club received a B rating and the Band a B rating; Grace Lenfest was chosen to play a harp solo at the evening concert. At both this festival and the Maine Federation Junior Day, Jane Kanaly, Florence Pike, Jessie Jones, and Roy Lurvey received very fine ratings as soloists.

This Year

The Girls' Glee Club, composed of seventy-five members, with Monday's activity period for practicing, has shown itself well in singing for assembly and in participating at the Music Clubs' Concert on March 12.

Tuesday's activity period was contrast-

ed with Monday's by the booming male voices of the Boys' Glee Club, whose membership was twenty-seven. The boys sang in assembly, attended the Western Maine Music Festival, and participated in the Music Clubs' Concert.

Due to a shortage of string instruments, there was difficulty in organizing an orchestra. However, after Christmas a group was formed which furnished music for the plays and Commencement.

Every Thursday we heard the music of our twenty-two piece band as it practiced under the direction of Mr. Armstrong, new music instructor at Stephens High School in Rumford, who gave music instruction at Gould every Thursday and whose skill was welcomed. The band

played for rallies and basketball games, and participated in the Music Clubs' Concert in March. In Mr. Armstrong's absence the band played under the direction of drum major Guy Emery, who was assisted by drum majorettes Barbara Jackson, Elizabeth Bailey, Mary Scott, and Georgia Terriberry.

The Varsity Glee Club came at the end of the week's musical activities, on Friday. At Christmas it presented, with the help of committees from the Girls' and Boys' Glee Clubs, *Petit Noel*, a French cantata. It also participated in the Music Clubs' Concert and attended the Western Maine Music Festival in May.

The William Rogers Chapman Club, with twenty-five members, has carried on after school and on Sunday afternoons. A concert in which all members participated was given on November 14th, and another in the Spring. The members also adopted projects such as organizing a music club in another community and looking up old instruments and music to

send to Europe. Club members attended the Maine Federation Day in the Spring.

About forty students purchased Community Concert tickets this year, and transportation to several concerts in Rumford and Lewiston was provided.

In addition to these organized activities, instrumental and vocal lessons were given to students—Miss Griggs giving instruction in piano and voice, Miss Collins in violin, and Mr. Armstrong in violin, and brass and wind instruments.

This year the system of awarding letters was rearranged so that students of average ability could earn one. A grand award, to be given at Commencement, was provided for students showing special talent.

Music this year has played an important part in Gould's extra-curricular activities; its success can be credited to the co-operation and efforts of the instructors and the students.

Fourth row: Mr. Thompson, Faculty Advisor; Bob Hill; Bill O'Brien; Bob Medeiros; Dave Farrington; Ed Hickcox.

The Blue and Gold

In the sixth year of publication, the staff of the *Blue and Gold* was enlarged considerably, taking on new writers, as well as welcoming back the old ones. Mr. Thompson, as in previous years, was the Faculty Advisor; the Editor-in-Chief was Ruth Judkins; Assistant Editor, Lee Dymont; Sports Editor, Tim Terry; Alumni and Exchange Editor, Barbara Dougherty; Advertising Manager, Ann Cummings; Circulation Manager, Bert Fernald; and Business Manager, Gloria Cutting. The typist, a position created last year, was again Jerry Linnell.

The first issue was published in October. One six-page issue was published at

Carnival time, and, as usual, there were ten issues, although some were combined. The previously set style was followed, with the editorial corner, the Headmaster's corner, and the sports page as usual. A new column, *Memoirs of Gould*, was introduced at Carnival time. This column concerns the acts and thoughts of Gouldites about fifty years ago, as gathered from files of old *Heralds* or school notes. The exchange news was continued in a regular column written by the Exchange Editor. The other regular features were continued: *Outstanding Among Us*, *Opinions Appreciated*, *Alumni News*, and *Under the Cupola*.

Nearly all cuts used were taken by the Camera Club, either for the *Blue and Gold*, or for some school activity. A great deal of credit is due this organization, and Mr. Foster, for their cooperation and extra time given to the paper. Staff meetings have been held usually on Thursday, for constructive criticism and opinions of the group. The editorial column has been filled by several members of the staff, as well as the editors.

The *Blue and Gold* continued its membership in the Columbia Scholastic Press Association of Columbia University this year. The paper, as last year, was furnished to the students through the Activity fee, and many subscriptions were held by alumni, parents, and friends of the school, making a circulation of over four hundred.

Camera Club

With a record of eighty-five members and more cameras than ever before, the Gould Academy Camera Club started the school year 1947-48 with a slightly different plan than has been followed in years previous to this. This system is composed in such a way as to offer a two-year plan by which each member may obtain a more thorough knowledge of the elements of photography, spread out over two school years. With the return of many essential photographic supplies to the market, the club has been able to carry on demonstrations more extensively and provide practice material for the members.

Much of the success of the organization is due to the untiring efforts of Mr. Gayle A. Foster, faculty advisor of the club. He has for many years been an outstanding photographic instructor and exhibitor in Greenwich, Connecticut and New York City. He is a Past President of the Pictorial Photographers of America and the Greenwich Photographic Society of Connecticut and is the Maine delegate of the Photographic Society of America. The influences of his fine photographic background have been sincerely appreciated by the Camera Club, to which he gives generously of his time.

Meetings this year were held every Wednesday. Officers elected were Lee Dymont, President; Mark Rines, Vice-President; George Terry, Treasurer; and Edwin Swain, Secretary. In addition to Mr. Foster and the officers, John Paterson and Phil Hussey were on the Executive Committee. Darkroom Committees were headed by Eddie Swain and John Paterson for Hanscom Hall and Holden Hall, respectively. Tim Terry headed the Sales and Finances Committee, Mark Rines had charge of the Program Committee, and Edwin Swain took care of the Print Committee.

Among the new features of the club this year was the awarding of pins, engraved with a camera and the club name, to certain members who had filled such requirements as twenty hours in the dark-

room, developing roll film and making contact prints and enlargements from it, giving a lecture to the club, entering one of the contests, completing at least two salon prints for the annual exhibition, and developing and processing cut film, as well as spotting and mounting prints. Another improvement initiated by the club last year and carried out to a greater extent this year was making use of the Eastman Kodak School Service's lectures and slides. Eastman has prepared a number of lectures, supplemented them with slides, and sends them to clubs enrolled in their program. The lectures were read and shown by members of the club. During the year the club has been brought to national recognition by illustrated articles appearing in the *"Portland Press Herald"* and the June issue of *"Popular Photography Magazine"*.

Meeting days were devoted to discussions and demonstrations on cameras, film, papers, filters, enlarging, toning, composition, retouching, magazines, portraiture, contact printing, mounting, copying, color, Christmas cards, snow scenes, and print quality. More member-participation in lectures was introduced with many of the members being responsible for the lectures and demonstrations.

Usually one afternoon of the week is devoted to the production of pictures of campus happenings. Proofs are made on 5 x 7 paper and displayed on a card in Hanscom Hall. Students desiring pictures sign up for them. In the darkroom these lists are tabulated and the pictures ordered are enlarged, developed, washed, and dried at the rate of about one-hundred every hour. The customers' pictures are then clipped together and given to the club's sales representatives, Rachel Brown, Gloria Cutting, Bert Fernald, and Edwin Swain, who distribute them to the customers.

The Camera Club maintained two darkrooms: one in Holden Hall, built by Mr. Foster in 1943, and the other in Hanscom Hall. Most of the club's work is done in the Holden Hall darkroom.

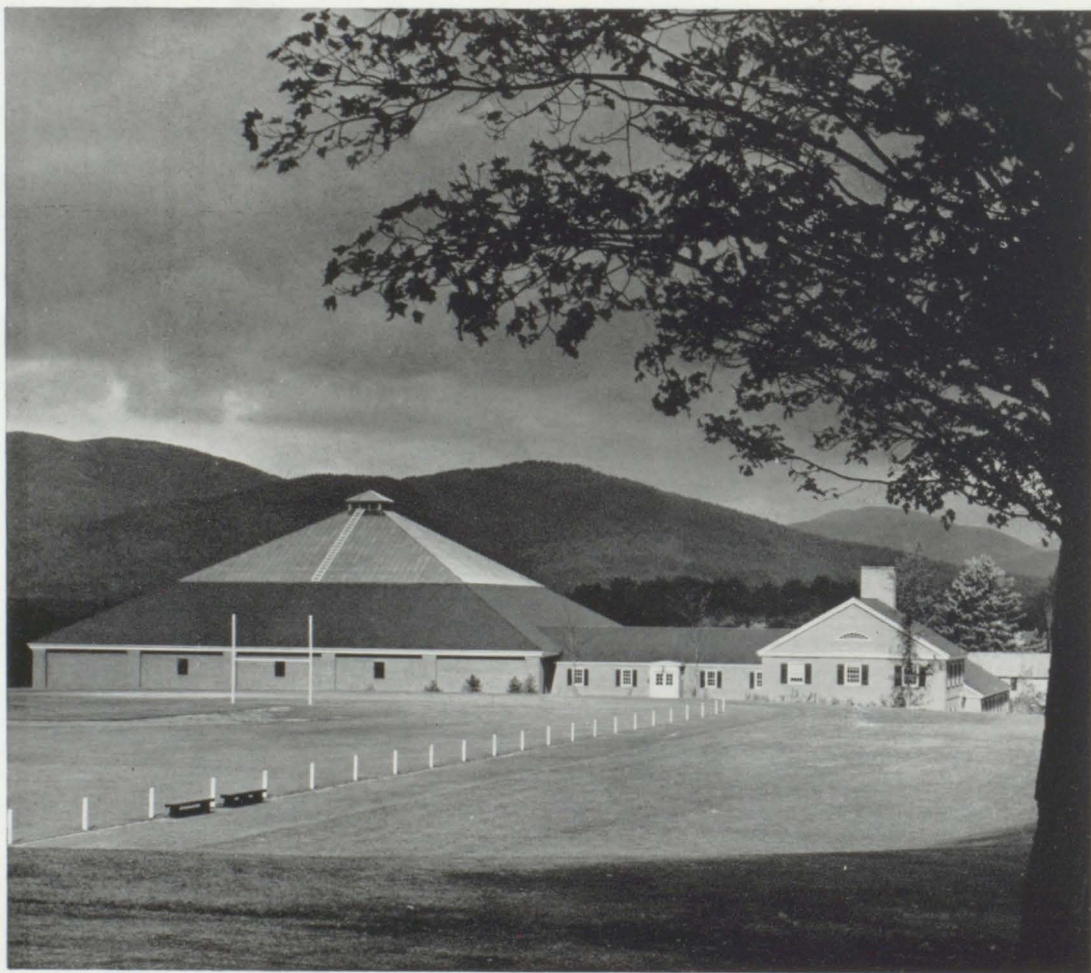

Here, over two thousand enlargements of campus events, formals, athletics, dramatics, dorm parties, and the Carnival Weekend are produced each year. In addition, the club also provides some of the photographic content of the "*Blue and Gold*" and "*The Academy Herald*." It is also the policy of the club to take pictures at athletic contests showing the opposition to advantage, which are sent to the teams concerned.

During Commencement Week the Camera Club presents its annual salon of members' prints. The outstanding prints of past years are exhibited along with about fifty new mounted show prints. This show has always proved successful and is one of the highlights of the Commence-

ment Week. During the annual Open House and Science Exhibit the Camera Club presents a public demonstration of the fundamentals of photography.

Members who take a deep interest in this field find that the experience gained in the Gould Academy Camera Club darkroom not only gives them the background for a most enjoyable hobby, but is also the basis of a most profitable business. In practicing darkroom procedure, one must be careful, patient, and must be satisfied with only the best possible results obtainable, but the satisfaction resulting from the production of a pleasing and satisfactory print is suitable compensation for the work put in on it.

Science Club

Due to the full activity period schedule it was found necessary to go back to the previous system of holding the Science Club meeting on Monday night. At the first meeting Eddie Swain was elected President; Richard Bayles, Vice President; Barbara Crockett, Secretary, and Sally Adams, Treasurer. It was voted at this meeting to hold business and program meetings every other week with project meetings on the alternate Mondays. Several interested members have taken advantage of the latter meetings to work on individual projects which include anything from Herbert Hunt's and Dick Ireland's alcohol manufactures to Robert Oakes' plastic making. Among the programs presented during the year was an interesting demonstration on fire and dif-

ferent types of extinguishers used for each type of fire encountered, a demonstration on the different types and methods of dyeing while microscopic projection was the subject of still another program. A technicolor movie filmed in the famous Luray Caverns was also of great interest to the club.

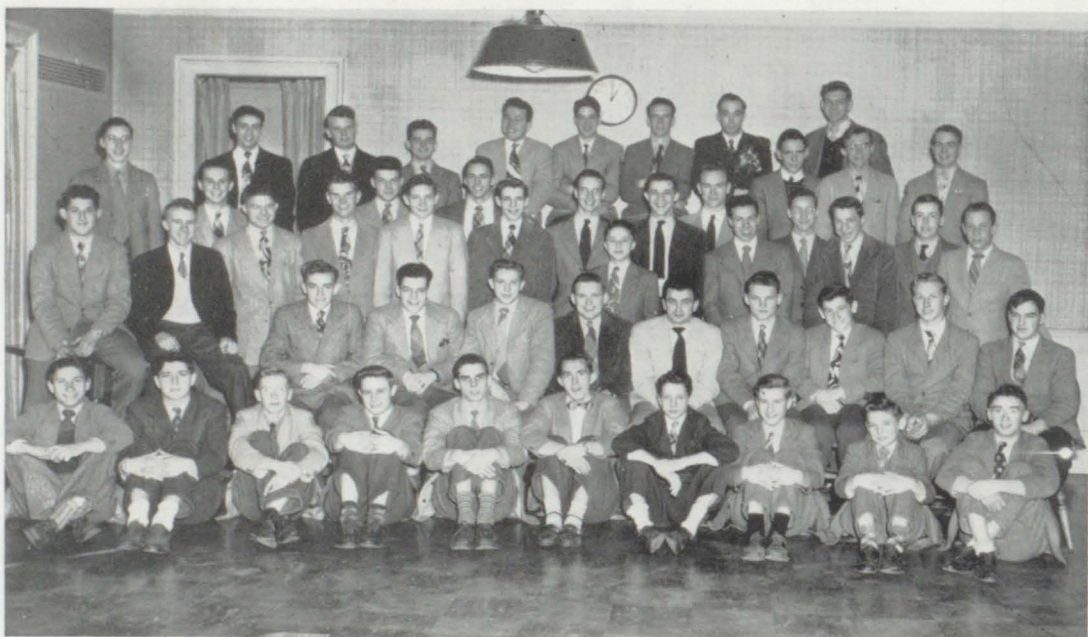

Members interested in gems enjoyed a trip to Perham's where we saw a piece of smoky quartz cut and polished; the entire process was demonstrated in detail and the final product presented to the club. Another most interesting trip was taken to Mechanic Falls where we were escorted through the Pond's Extract Co. plant. Here we saw the entire paper tissue plant from the beater room to the packaging department.

A lecture by Com. Donald B. McMillan, Arctic Explorer, interested the entire club as well as the townspeople. Then the annual Bates College Science Fair was interesting in one way or another to every member of the club.

The Gould Science Fair sponsored by the Science Club, marked the end of an-

other busy and successful year for the Science Club. Interested members have benefited from their individual projects and the entire club has learned much of scientific importance during this eventful year.

On the Stage

One of the more recent additions to the Gould Academy Outing Club's Winter Carnival, the three one-act plays, were presented at the William Bingham Gymnasium, February seventh.

The first of the plays was a farce, "It Happens Each Spring." It dealt with the girl troubles of Sherman Williams, played by David Kneeland. Mr. and Mrs. Williams, his understanding and patient parents were played by Barbara Keenan and David Farrington. The source of all his troubles, his successive array of girl friends, included Peggy Champlain as Jackie, a normal high school girl, Sally Adams as Colette Lyons, a sophisticated faker from New York, and Claire Macy as Mary Belle Pamela Weathers, who appeared only briefly, but very effectively as a "Southern belle."

The second play, "More Perfect Union," was in a more serious vein, dealing with racial intolerance. It draws its name from the Preamble to the Constitution.

Janice Lindquist played the wealthy young snob, while Betty Backus played the girl "from across the tracks." Those in the supporting roles were Joy Smith, Barbara Pretty, Nancy Van, Laura Belle Bennett, Robin Buck, Grace Taylor and Ruth Donahue.

"You're Fired," the third play, was a hilarious farce about the adventures of John Peabody, a young office worker, played by Edward Hickox, who tried to get fired so he wouldn't have to marry Gay, a fellow office worker, played by Eunice Lane. Grace Lenfest played the understanding secretary, Dick Dysart the choleric business tycoon, Claire Macy the forceful union executive, and Mark Rines the tax collector.

Leland Brown and Ann Cummings were Property Managers and Barbara Dougherty was Business Manager.

The serious play, "More Perfect Union," was chosen by Mr. Thompson to

go, with the complete original cast, to Brunswick, where it will be given in the State One-Act Play Tournament. The winner of the State will then enter the New England Tournament.

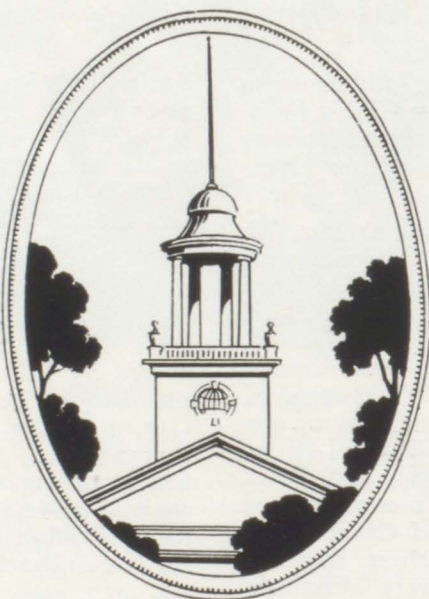

The popular comedy, "Dear Ruth," was presented by the Senior Class on April ninth in the William Bingham Gymnasium. The story, in short, concerns the war-time romance of the ingenue, Ruth Wilkins, played by Grace Lenfest, and Lieutenant William Seawright, Richard Aldrich. The whole affair was brought on by a series of love letters between Miriam Wilkins, the kid sister and brat, played by Wilma Croteau, and Lieutenant Seawright. The sympathetic but slightly confused parents, Judge and Mrs. Wilkins, were played by Richard Dysart and Jessie Jones. The self-righteous, priggish suitor, Albert Kummer, who was

played by Paul Desautels is definitely unsympathetic with the whole situation. Dora, the colored maid, was played by Martha Crocker; Lieutenant Seawright's sister, Martha, by Barbara Dougherty; the Lieutenant's friend and Martha's former fiance, Sgt. Chuck Vincent, David Farrington; and Harold Klobbermeyer, another of Miriam's correspondents, by William O'Brien.

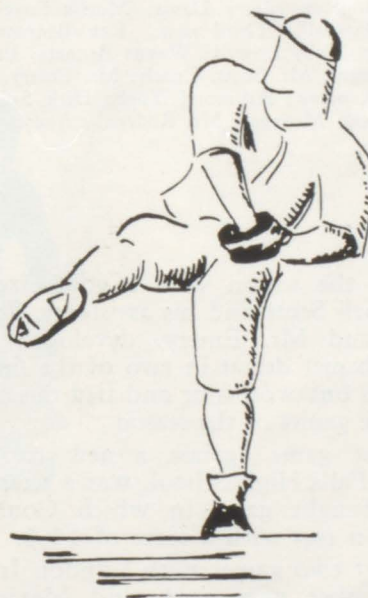

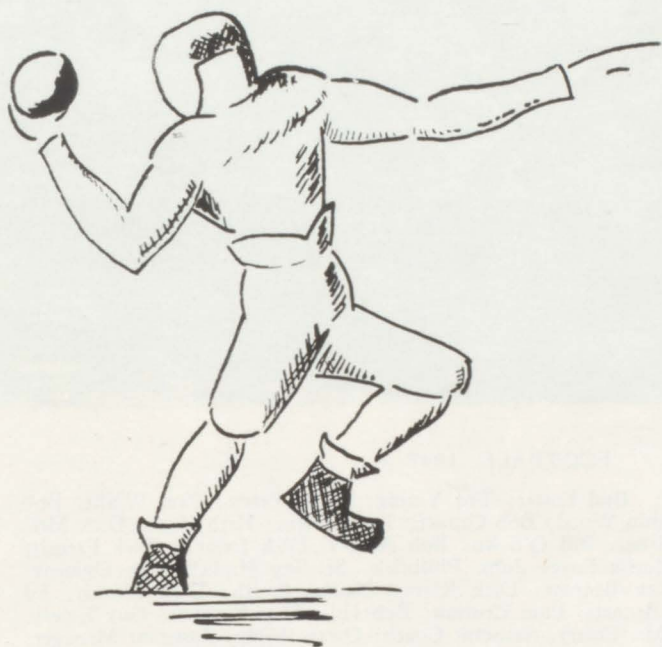

Stage Manager for the play was Leland Brown, Property Manager, Ann Cummings and Business Manager was Ruth Judkins.

Mr. Thompson, dramatic coach and head of the college English department, once more efficiently selected, cast, and directed all four plays.

Football

Starting the season with a good-sized squad, Coach Scott and his assistants, Joe Roderick and Mr. Emery, developed a team which met defeat in two of the first three games but won four and tied one in the last five games of the season.

The first game against a new rival, Livermore Falls High School, was a scrappy, hard fought game in which Gould came out on top with a score of 14-6.

The next two games with Lyndon Institute, another new rival, and Mexico were defeats for Gould. At Lyndon the Huskies fought hard and were on the

verge of scoring several times but never succeeded. The final score was 13-0. The team came home and prepared to play Mexico the following Saturday. Mexico defeated Gould on its home field by a 7-0 score. Mexico got its points in the first period and from then on it was a stalemate with both teams playing well offensively and defensively.

The following Saturday Gould started on the victory road by winning the Parents' Day game against St. Johnsbury Academy of Vermont. St. Johnsbury scored in the first few minutes of play then

the Huskies tallied, leaving the score 7-6 at the half in St. Johnsbury's favor. Rolling down the field in the last quarter, Gould got another touchdown and won the game 12-7.

Building up strength all the time, the team next met and defeated the fast running and hard passing eleven from Lisbon Falls by a score of 27-24.

The next obstacle in the road was Kennett High School of Conway, New Hampshire. Gould went into the game really fresh due to a postponement of the Fryeburg game because of the forest fires. The Huskies came out with a 25-0 victory.

The next Saturday, in a drizzling rain, the pigskin carriers, lead by Davis with three touchdowns and two extra points to his credit, trounced Berlin High School with a 40-0 score.

The Fryeburg game which had been

postponed was played at Fryeburg on Armistice Day. The tussle ended in a 13-13 tie and was a hard fought, spirited game all the way.

The Jayvees had a home and home series with the South Paris juniors. South Paris won the first on their own field by a 6-0 score, then the Pups of Gould retaliated on their own field by a 14-6 win.

Thus ended the season with a good record of one tie, two defeats, and five wins. Although the following players are graduating: Young, Wood, Captain Bennett, Wight, Browne, Croteau, Melville, Beedy, McAllister, Foster, and Hunt, there are still prospects for a good team with the return of a few lettermen supplemented by new material and those who played for the Jayvee squad.

Cross Country

Fall of 1947 was a season of distinction for Gould Academy's third cross country team despite the fact that only three letter-men returned, Capt. Stinchfield, Hertell, and Jordan; but new material consisting of Hickcox, Hussey, Desautels, Swan, Gray, Chadbourne, Putnam, Coolidge and Buck plus two of last year's representatives, Olson and Bayles, along with these lettermen combined with the alert coaching of Mr. Fossett, produced a team that came through undefeated.

Results of the first meet at Andover on Oct. 15 bore no prediction for an undefeated season; the sinuous path through the woods almost upset the Gould runners, nevertheless they came through, 29-32. On Oct. 22, Stephens High of Rumford was completely overwhelmed by the Gould runners on the Academy course as the Huskies made it a perfect

score, 15-64.

On Oct. 29 Gould met Portland, the rival whom they had yet to beat. Nevertheless the Gould Harriers made their third straight victory by defeating them on the Deering Oakes course at Portland 27-32. The following week, the Andover runners fared worse on the Academy course and gave the Gould cross country team its fourth straight victory with a surprising margin of 20-43.

On Nov. 12, the Gould varsity traveled to Rumford for a second encounter with a team they had once overwhelmed; this time the Huskies not only acquired another perfect score (15-50), but five of the varsity members had a chance to make a blanket finish as well as accomplishing a record run for the course.

Mr. Fossett has kept the team under careful training without a rigid practice schedule; before the meet with the capable

Portland team the Huskies' confidence was built up rather than their running effort. This was a season to be proud of—a season which the Huskies hope to repeat.

Only the loss of four members, Bayles, Gray, Swan, and Desautels, will be felt;

but the regular squad, Capt.-elect Hertell, Hickcox, Stinchfield, Hussey, Jordan, Chadbourne, Olson, Buck, Coolidge, and Putnam, will remain. 1948 should find another good season.

Gould Wins County Championship

Going into the Oxford County Tourney with a record of 11 wins against 2 losses Gould Academy decisively defeated Mexico 51-34, Fryeburg Academy 43-20, and West Paris 49-25 in successive nights to win the County Crown.

For the third straight year Gould was selected for the Western Maine Tourney. In 1946 and 1947 they reached the finals, winning the championship last year. This year the Huskies were upset in the first round as they suffered their third defeat in 17 games.

The boys who will receive their G's are Seniors: Louis Wood, Capt. Dave Foster, Ted Young, Quentin Hall, Jim Browne, Paul Wight, and Mgr. Lee Dymont; Juniors: Jerry Davis, Lawrence Bennett; Sophomore: Bob Hamilton.

Jerry Davis broke the scoring record for a single season set by Wayne Allen with 255 points in 1947. Jerry collected 258 in three less games than were played last year. Other leading scorers were Bennett with 134 pts.; Hamilton 133 pts.; and Young 93 points.

The loss through graduation of Wood, Foster, Young and Hall will be keenly felt when the season of 1949 begins. For the past two years Foster and Wood have stamped themselves as outstanding guards in this section. The average opponent's score of 31 speaks well for these two men. Young has been a valuable forward for the past two years while Hall developed into an able man to fill-in in any position. His work in both tournaments was outstanding.

While the opponents were scoring their

average of 31 points per game the Huskies were piling up a 48 point average. Jerry Davis, Lawrence Bennett, and Bob Hamilton, all men who will be back as the nucleus for 1949, were instrumental in building up this fine average. Charley Smith and Hoby Lowell, outstanding men on the JV team that won 9 out of 10 games, are expected to show up well next season.

New England Champions

The Outing Club was organized again this year and the following officers were elected: President, Ed Swain; Vice-President, Dick Marshall; Secretary, Trudy Penner; Treasurer, Shirley Flanders.

Members of last year's ski-team, Ireland, Hunt, Croteau, Swain, Adams, Marshall, Norton, Bennett and Hickcox were joined by Putnam, Emmett, Gordon, Chase and Howe all under the supervision of Coach Richardson.

The team got off to a slow start losing to Kennett High on Jan. 17 and to Kimball Union Academy on Jan. 24. Dick Ireland scored high in both of these meets but due to the inexperience of other team members Gould failed to take top honors.

On Jan. 29-30 the team showed its true form by sweeping all four events in the Edward Little Carnival in Auburn.

The Gouldites overwhelmed Edward Little High and Lewiston High by a score of 384.49 for Gould, 375.64 for E. L., and 333.75 for L. H. S. They proved especially strong in cross-country placing five men in the first seven.

The following week-end the State meet was held in Bethel in conjunction with the Winter Carnival. Gould again coming through with flying colors sweeping all four events. The downhill was held at Bridgton on Friday morning with Dick Ireland taking first place and Bennett, Norton and Marshall placing in the first ten. Returning to Bethel in the afternoon the team took the cross country, Norton tying for first and Croteau, Adams and Stinchfield following close behind. On Saturday Ireland led the team to victory in the slalom and a close win in the jumping. Edward Little took second, Rumford third and Andover fourth.

On Feb. 13-14 the New England Interscholastic Championships were held in Bethel with ten teams competing including Putney, Lyndon and Burlington from Vermont; Lebanon, Hanover and Laconia from New Hampshire; Gould, Edward Little and Andover from Maine, and Pittsfield from Massachusetts.

The downhill was held Friday on the Wildcat Trail, Pinkham Notch, with Gould finishing second only three points behind Lebanon. Snow of Laconia flashed down the trail in one minute forty-three and four-tenths seconds for the winning time and Marshall and Ireland finished in the first ten for Gould. Cross-country was held in Bethel on Friday afternoon, Gould again taking second only one point behind Lebanon. On Saturday Verne Goodwin of Pittsfield ran the difficult slalom course at Swan's Corner, Bethel in forty-six seconds. Dick Ireland of Gould placing one second behind him in the runner-up spot. Gould finished in a tie for third only a tenth of a point behind the first place teams Lyndon and Burlington, but more important, they gained three points on the sixth place Lebanon skiers. Andover took the jumping on Saturday afternoon but Gould finishing second behind the first place jumps of Dick Ireland gained enough points to win when Lebanon finished sixth. Charles Trembley of Lebanon established a new record with a leap of 107 feet but finished twenty-fourth when he fell on his second jump.

At the ceremonies after the meet Dick Ireland was awarded the combined four event trophy and accepted for the team the championship trophy.

In the final meet of the season held at Bridgton on Feb. 29 Gould captured the Western Maine Championship for the second straight year.

With varsity members Ireland, Marshall, Norton, Adams, Stinchfield, and Putnam returning the team hopes to have a good season next year.

Baseball

While wintry winds and a thick layer of snow still prevailed over Bethel, Me., the 1947 baseball aspirants were beginning practice in the Farnsworth Fieldhouse. These early practices were mainly to help condition the players and, also, to go over the fundamentals of baseball. Practices in bunting, stance, base-running and general savvy were held.

When fair weather finally arrived the players were conditioned and raring to go. Coach Bowhay, ably assisted by three veterans, Ted Logan, Dick Thurber and "Red" Connors, held daily practices in batting and fielding. At last, though handicapped by occasional cold weather, a team was built up around a handful of the previous year's lettermen.

The lineup for the first game with

South Paris was as follows:

Marshall, 2nd base
Allen, 3rd base
Cram, Left field
Wood, First base
Parsons, Shortstop
Croteau, Catcher
Powers, Center field
Cole, Right field
Young, Pitcher

At South Paris, May 5th, Gould, 7 runs, 6 hits; South Paris, 19 runs, 21 hits.

After a few days delay because of a late seasonal snowstorm, the Huskies lost a slugfest to the South Paris Cardinals. The cold, raw weather hampered the players considerably throughout the game.

At Mexico, May 10th; Gould 11 runs,

10 hits; Mexico, 5 runs, 7 hits.

With Young pitching a fine game and some timely hitting by Croteau and Cram, the Gould nine won their first game of the season over the Pintos of Mexico.

At Fryeburg, May 15th: Gould 1, run, 4 hits; Fryeburg, 5 runs, 3 hits.

Gould lost a close game to Fryeburg in their next campaign. Cram, of Fryeburg, had the situation well in hand while Gould used Young, followed by Parsons and Wood on the mound.

At Gould, May 19th: Gould, 2 runs, 6 hits; South Paris, 7 runs, 8 hits.

In the next game Gould again lost to South Paris, a team which later won the Oxford County Championship. Parsons and Allen lead the Gould hitters.

At Gould, May 21st: Gould, no runs, 3 hits; Fryeburg, 6 runs, 9 hits.

Again Fryeburg triumphed over Gould with Cram of Fryeburg turning in a 3 hit shutout against the Huskies, and striking out 10.

At Norway, May 24th: Gould 11 runs, 15 hits; Norway, 7 runs, 7 hits.

The Huskies suddenly came to life and walloped Norway to the tune of 11 to 7. Croteau, Cram, and Parsons lead the Gould attack with extra-base blows while Rolfe worked on the mound for Gould.

At Gould, May 21st: Gould 20 runs, 14 hits; Mexico, 15 runs, 13 hits.

In another slugging duel Gould bested Mexico by a 20 to 15 score. Both teams used several pitchers, and long hits for Gould included a home run by Dave Bennett, and a triple and double by pitcher Parsons. The big inning came in the 6th when Gould scored 8 runs.

At Gould, May 28th: Gould 8 runs, 11 hits; Norway 9 runs, 10 hits.

By far the most exciting game of the season was the second Gould-Norway game. It was a close contest all the way to the final inning. Young and Rolfe

pitched for Gould while Cram, Allen, and Wood hit well for a lost cause.

At St. Johnsbury, Vt., May 31st: Gould, 5 runs, 10 hits, St. Johnsbury, 6 runs, 8 hits.

In an out-of-state game with St. Johnsbury, Vt., the Gould nine lost by a thrilling 6 to 5 score. Rolfe and Parsons shared the mound chores for the Gould outfit.

At Gould, June 4th: Gould, no runs, no hits; Gorham, N. H., 6 runs, 11 hits.

Holmes, Gorham pitcher fireballed his way to a seven inning no-run, no-hit game on June 4th.

At Gould, June 10th: Gould, 12 runs, 14 hits; Alumni, 9 runs, 12 hits.

On Commencement Week-end a large crowd saw the Gould nine beat its Alumni by a comfortable margin. Cram and Croteau were the heavy hitters for Gould while Dorian contributed three hits for the Alumni.

Although the team won only 4 of its 11 scheduled games, it showed promise as the season progressed. Coach Bowhay and his assistants deserve a lot of thanks for their coaching and time spent.

Although it is too early to give any predictions or information about the 1948 baseball campaign, the schedule for the 1948 games is as follows:

Tuesday, April 27—Gorham at Bethel
Saturday, May 1—South Paris at Bethel
Tuesday, May 4—At Gorham
Friday, May 7—Norway at Bethel
Tuesday, May 11—at Fryeburg
Saturday, May 15—At South Paris
Tuesday, May 18—Mexico at Bethel
Saturday, May 22—At Norway
Tuesday, May 25—Open
Friday, May 28—At Mexico
Tuesday, June 1—Fryeburg at Bethel
Saturday, June 5—Alumni at Bethel

Track

Starting the season with a number of letter men including Capt. John Brown and many new recruits, Coach "Joe" Roderick, ably assisted in the weights by Mr. Scott, again started to mold together a winning team. The team, the year before, had won the state meet and as usual everyone was working hard with that as their final goal.

The first encounter came April 26 with Fryeburg on Gould's own Alumni Field. As it was the opening meet, the boys were all keyed up and even the green ones had lumps in their throats. Jerry Davis paced the field by racking up 26 points and Dick Briggs climaxed the day by chalking up a 2:07.6 time for the 880, a new school record. Thus when everything was over Gould was the victor 67-50.

The next week Gould journeyed to Farmington to compete with Farmington and Phillips High. Rocky Giles won the 440 and 880, John Brown took second in the 220, and Jerry Davis won the high jump, taking places in the javelin and broad jump as well. Gould didn't fare as well in this meet, however, as they ended with 58 points to Farmington's 63 and 11 for Phillips.

The next Saturday Gould was host to an out of state team, St. Johnsbury, Vt. The "Blue and Gold" defeated them 71-46 by taking nine firsts out of thirteen events. Jerry Davis was again high point man with two firsts, three seconds, and a third, making 20 points. Other double winners for Gould were Rocky Giles with firsts in the 440 and 880 plus a third in

the high jump and Capt. Brown winning the 100 and 220. This started a winning streak and from here on in the team clicked.

The following Friday Rumford and Mexico came to Gould and as we took 10 firsts, along with many other seconds, thirds, and fourths, Gould took them in a decisive victory. Capt. Brown, Dick Ireland, Rocky Giles, and Jerry Davis took two firsts each and Dick Melville joined them by winning the mile. The other first place was a four way tie between Davis, Giles, Ireland, and Nadeau of Rumford. The results were Gould 86 $\frac{2}{3}$ points, Rumford 50 $\frac{1}{6}$, and Mexico 6 $\frac{2}{3}$.

On May 12 the Gould J.V.'s. took on South Paris and Gorham, New Hampshire. It was held after school on Monday afternoon in a high wind and the boys struggled valiantly but when the last race was over Gorham led with 58.5 points, Gould 43 $\frac{1}{6}$, and South Paris 30 $\frac{1}{3}$. The meet was a success, however, as it gave the men who had not participated much before a chance and also experience.

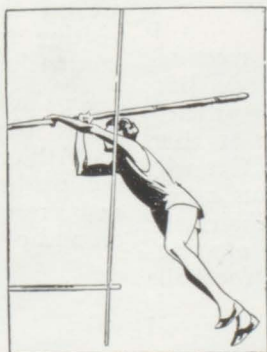

On May 24 Gould met and defeated Wilton at Bethel, winning seven firsts to Wilton's four. Scoring for Gould in double figures were John Brown 11, Dick Ireland 12, Rocky Giles 13, and Jerry

Davis 14. Along with the others these added up to Gould 65, Wilton 34.

The following Saturday was another big day as Gould was host to the Oxford County Track Meet. It ended with Gould the winner with 66 points, Fryeburg 46.5, Rumford 27.5, So. Paris 2, and Mexico 1. But this was but a small spoke in the wheel as the next week was the state meet.

After one more final week of practice we headed for Waterville. Again Jerry Davis paced the field by winning the broad jump, the high jump, and set a new class B record in the discus of 129'5.5" giving us fifteen points to start with. Dick Ireland added 3 more from the hurdle events and Rocky Giles $\frac{1}{3}$ of a point by tying for third in the high jump. Everything was excitement during the final event, as Gould led Traip Academy by $\frac{1}{3}$ of a point and Farmington by 1 point, but neither Traip nor Farmington had anyone in the finals of the javelin so we forged ahead to 19 $\frac{1}{3}$ points as Bob Adams pulled down a fourth. Thus Gould won the State B Championship Cup for the second year in succession and as the cup must be won successively for three years to be kept permanently, this year's team will do its best to retain it in the Gould trophy case.

DICK IRELAND, '49

Athletic Council

A new type of Athletic Council has been organized this year. Its main purpose is to formulate the policies under which the athletic system of the school, concerning both intramural and interscholastic sports, will operate. It also judges applicants for athletic awards and takes part in similar activities connected with the athletic program.

The Council consists of five permanent members and five members who serve a term of one year only. The permanent members are Headmaster and Chairman, Mr. Ireland; the Faculty Director of Athletics, Mr. Anderson; the Bursar, Mr. Myers; and the Physical Education Directors for both boys and girls, Mr. Roderick and Miss Stallwood. Of the other five members serving a one-year-term, three are elected by their respective organizations and two are chosen by the Athletic Council itself. The three chosen by their own organizations are Jerry Davis, representing the Student Council, Martha Crocker, representing the Girls' Athletic Association, and Mr. Scott, chosen by the faculty. The other two members are chosen from the Board of Trustees and the Alumni of the school. Neither of these was appointed this year by vote of the Council. It was decided that these members would not be appointed until next year in view of the fact that the Council is newly organized and has not, as yet, begun to function effectively.

The Council has held only one meeting this year; therefore relatively little has been accomplished, although many articles were introduced and voted upon at this meeting. It was voted that the Council hold three meetings each year, plus other meetings to be called by the Chairman when deemed necessary. The first meeting shall be held at the close of football

season in order to approve the football and cross country awards and the basketball schedule. The second shall be held at the close of the basketball season in order to approve awards for that sport and the baseball and track schedules. The third and last meeting shall be held at the close of the baseball season in order to approve awards for the spring sports and the football schedules for the next fall.

The basketball schedule and officials were also approved at the first meeting; this year certain regulations concerning pep rallies and sportsmanlike conduct both by players and spectators at this school and other schools were adopted; a regulation was approved stating that this school will compete in Athletic Contests only with schools which respect the principals association rules of the state in which they are located concerning the competing of five-year men on high school or preparatory school teams; applications for both the New England Ski Meet and the County Basketball Tournament were approved, and dates were set for these events; a date was set for the Carnival; a new system of meeting visiting teams was approved whereby the Student Council obtains by mail from the visiting team, the estimated time of arrival and the number to be present. Some student or committee of students is then appointed to meet the visiting team and stay with them while they are on campus. After basketball games visiting teams will be served cocoa and sandwiches in the home economics cottage.

In the future this new Athletic Council hopes to produce a profound effect upon the Athletic program here at Gould, building up better relations between schools, and promoting good sportsmanship both on and off the athletic field.

GIRLS' GYMNASIUM

Boys' Physical Education

As in previous years, the boys in the two upper classes had regularly scheduled physical education classes daily, while those in the two lower classes had the regular classes and corrective classes for improving posture on alternate days.

Under the capable direction of "Joe" Roderick, much is accomplished during the course of a year. As well as receiving plenty of healthful exercise, each boy receives a great deal of individual attention. Every spring and fall each boy is given a strength test, some parts of which are illustrated in the upper right hand corner of the picture page, and his strength index is then determined, making a basis for comparison. These tests make it possible to trace the physical improvements of a boy during his years at Gould. Also, at the beginning of every year posture pictures are taken, and imprints are made of the boys' feet, as in the second picture down on the right side of the page. These are discussed with each boy and then put on file for future reference. Special exercises are suggested for defects, and those in the lower classes who need it have a corrective class every other day in which to do these exercises. A few of these exercises are shown in the second picture down on the left hand side of the page.

Much time and energy, especially in

the two upper classes, is spent on physical fitness. A daily exercise routine, as pictured in the upper left hand corner, followed by a few "laps" around the track, although tiring, can help a lot in building those bulging muscles. The effect of these exercises is often astonishing when the two upper classes take their monthly tests, made up of various exercises. But it is not all hard work. The lower classes, like the group on the left of the page going through a basketball routine, learn athletic fundamentals.

Tumbling proves to be fun both on the mats, as in the lower left, and on the tramp-o-line, as in the lower right, and in their respective seasons "touch" football, basketball, and softball, which are a welcome change. Some find their greatest enjoyment in the indoor courts. In these courts, as shown by the other picture on the right, and the two in the center at the bottom of the page, are played games of battle ball, volley ball, badminton, squash, and handball. There always seems to be something to do that is fun.

In the spring of the year the boys perform stunts, such as the one in the center of the page, in their annual exhibition, and in this way another year of fun and agony ends for the boys at Gould.

Girls' Physical Education

The girls' athletic program ended last spring with a well-planned gym exhibition. The classes competed in gymnastics, stunts and songs and although each class tried its best, the seniors won by a close margin.

When the last vestiges of snow disappeared and the mud finally dried up on the field, softball went underway with much enthusiasm. The tennis courts were in constant use during the spring.

In the fall of 1947 tennis dominated the scene for a while. However, it was not long until arrows began to fly and shins began to become bruised from field hockey balls. The junior bowmen came out the victors on one side of the field while their older sisters, the seniors, fought it out and won in field hockey.

Following hockey came the volleyball season in which the juniors were again victorious after many hours of hard prac-

tice.

As snow came early, skiing began with ardent fervor. The ping pong table in the girl's dorm was covered with newly waxed and lacquered skis most of the winter. Classes for beginners were organized under Mr. Myers and the advanced skiers were instructed by newcomer Mr. Richardson, who also coached the team.

Basketball rivaled skiing in popularity with many enthusiastic players from each class. Imbued with the spirit of the rapidly growing game, the girls practised diligently to perfect their passing and shooting. An exciting tournament soon followed in which the juniors emerged with the high score.

The Dance Club was resumed this year, but was cut down to sixteen members and then divided into two sections, each working on a more elaborate number than those performed by the several small

groups of previous years.

Long before spring actually came, birds flew in Bingham gym; only this time they were badminton birds. Games were fast and furious and there was a great deal of excellent playing done by the more adept players. A tournament ensued the practise period; this was run the same as last year's—a doubles rather than a singles

tournament.

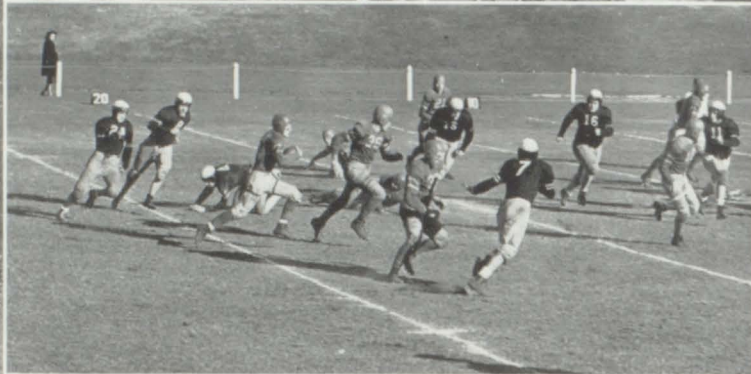

Among the new students this year were many athletic talents which were put to use in nearly every sport. Girls at Gould are fortunate to have a physical education program which stresses co-ordination and good sportsmanship which are all important in making an all round personality.

MAXIMS TO GUIDE A YOUTH

By One of Your Neighbors

Keep good company or none. Never be idle; if your hands cannot be usefully employed, attend to the cultivation of your mind.

Always speak the truth; make few promises; live up to your engagements; when you speak to any person, look him straight in the face.

Good company and good conversation are the very sinews of virtue. Good character is above all things else. Never listen to loose or idle conversation; you had better be poisoned in your blood than in your principles.

Your character cannot be essentially injured except by your own acts. If any one should speak evil of you, let your life be so virtuous that none will believe him.

Always speak and act as if in the presence of your Maker; drink no intoxicating liquors; ever live, misfortune excepted, within your income; when you retire to bed think over what you have done during the day.

Never speak lightly of any one, make no haste to be rich if you would prosper; small and steady gains give competency with tranquillity of mind.

Never play any game of chance; avoid the temptation through fear that you may not withstand it. Earn your money before you spend it. Never run in debt unless you see a way to get out of it.

Never borrow, if you can possibly avoid it. Be just before you are generous. Keep yourself innocent if you would be happy. Save when you are young, to spend when you are old.

Never think what you do to alleviate the sufferings of your fellow beings time or money lost. Be kind and generous, for the whole human family is depending one upon the other.
